

\$10 Upgrades

Hot Towel/Cold Stone Mini-Facial Massage – warm towels relax you and cold stones stimulate, plump and tighten facial muscles.

Brown Sugar Back Scrub – treat your most neglected area with a refreshing brown sugar exfoliation followed by your choice of massage lotion.

Brown Sugar Foot Scrub – exfoliated with a brown sugar scrub followed by a firm foot massage featuring “Foot Miracle” cream for soft, relaxed, happy feet.

\$15 Upgrades

Seaweed Foot Detox Wrap – a blend of seaweed gel and essential oils will be applied with foot warmers at the beginning of your massage and removed with warm towels before a blissful foot massage.

Radiant Rain – an essential oil treatment customized especially for you. A minimum of 5 essential oils or oil blends dripped onto your back one by one prior to your back massage will lift your spirits and boost your immunity.

The Royal Treatment

\$135 – 2½ Hour Indulgence

Imagine beginning your massage with a brown sugar back scrub, your back is now soft and smooth... now the entire back side of your body is kneaded and massaged... turning over now... your head, neck and shoulders relaxed and tension released... flowing into a full facial massage smoothing skin and tightening muscles with cleansing, hot towels, cold towels, essential oils, eye pads and moisturizing... next, arms and legs followed by the brown sugar foot scrub including the silky soft “Foot Miracle” cream..... A Total Indulgence, truly a “Personal Vacation for Mind, Body and Soul”.

Facial Massage

aka: Face Lift Massage

Along with numerous skin benefits, facial massage also provides relief from stress, sinus congestion, and migraine headaches.

During the treatment, over ninety face and neck muscles are systematically massaged. Acupressure points are activated, stimulating energy flow and releasing deep-seated tension, freeing layers of muscle and connective tissue

Ayurvedic ‘smoothing’ techniques are used so that circulation and elimination can be improved and the tissues can glide smoothly over the deeper layers of muscle. The whole process has been described as a bit like ironing out the creases, making the skin feel smoother and softer and improving complexion and skin tone.

Having a facial massage on a regular basis can lead to firmer, more radiant skin by minimizing fine lines and wrinkles, improve facial tone, moisturizing, and releasing tension.

Seaweed Body Wrap

The seaweed wrap is used to stimulate blood circulation, detoxify, exfoliate, firm, tone, balance, soften and nourish skin subjected to stress or affected by the elements.

Seaweed body wraps contain sea salt, seaweed, algae, amino acids and vitamins that are essential to good skin care and skin maintenance.

Seaweed wraps are reported to temporarily reduce the appearance of cellulite and increase the body’s metabolism which activates the lymphatic system to rid the body of toxins.

Seaweed is also reported to stimulate collagen production and promote weight loss.

Maternity Massage

Touch is vital to the mother’s physical and emotional well-being as she adapts to her changing body. Massage gives special attention to the mother-to-be, which in turn nurtures the new life that grows within her.

Pre-Natal massage can reduce anxiety, decrease symptoms of depression, relieve muscle aches and joint pains, reduce swelling, enhance the pliability of skin and underlying tissues and improve labor outcomes and newborn health.

Other Potential Benefits Include:

- Reduced back pain.
- Reduced joint pain.
- Improved circulation.
- Reduced edema.
- Reduced muscle tension and headaches.
- Reduced stress and anxiety.
- Improved oxygenation of soft tissues.
- Better sleep.

Ear Candling

Ear Candling is an ancient technique thousands of years old and can improve hearing, physical balance, cleanse the sinus cavities and the lymphatic system, cleanse toxins left by medications, eliminate ear pains and promote healthier ears.

Utilizing a hollow candle coated with wax, one end of the candle is placed snugly into the ear and the other end is lit. This creates a gentle vacuum that can soften and dislodge wax and debris.
